DAYS 1-3

Abrolhos Islands

Begin your adventure with a morning Qantas flight from Perth to Geraldton, followed by a low-altitude scenic flight over the Abrolhos Islands—a spectacular chain of 122 coral-fringed islands rich in history, beauty and marine life. Touch down at East Wallabi Island, where your Ocean Dream crew will be waiting to welcome you aboard.

The next few days are spent exploring this remote archipelago at a relaxed pace. Swim in crystal-clear lagoons, snorkel colourful coral reefs, or watch the local sea lions at play. Join a guided visit to a family-owned Akoya pearl farm to learn about the cultivation of black-lipped oysters, nurtured in the warm currents of this pristine marine park.

The Abrolhos Islands are well known for the abundant marine life which adds to its attraction to nature lovers and keen fisherman alike. There'll be plenty of time to swim, snorkel, explore or simply relax in the pristine surrounds.

As we cruise north on the afternoon of Day Three, enjoy sweeping views of the dramatic Zuytdorp Cliffs, which stretch for over 200 kilometres along the Western Australian coastline. Relax with canapés as we make our way into South Passage for a peaceful overnight anchorage.

DAY 4

Shark Bay

Awake to the beauty of Shark Bay—known as Gutharraguda in the Malgana language, meaning 'two waters'. This World Heritage-listed area is rich in both ecological and cultural significance. Whether you're casting a line for prized species like mullet, trevally, bream, whiting and huge pink snapper or simply soaking up the serenity from deck, today offers something for everyone.

This is also a perfect opportunity to unwind, explore secluded beaches, or enjoy a quiet walk along the water's edge before returning for another beautifully curated evening meal on board.

DAY 5

Dirk Hartog Island

Dirk Hartog Island is steeped in maritime history and natural wonder. As one of the oldest European landing sites in Australia, and now home to an ambitious ecological restoration project, the island is both fascinating and scenic.

Join a guided tour of the homestead and hear the story of the 'Return to 1616' conservation program. After a delicious BBQ lunch, enjoy an afternoon of beachcombing, a refreshing swim, or a snorkel in the clear waters of Turtle Bay before we set course for our overnight anchorage.

DAY 6

Dorre & Bernier Islands

Today we explore the remote islands of Dorre and Bernier—important nature reserves that offer stunning opportunities for snorkelling, swimming, and marine life encounters. Keep an eye out for turtles, manta rays and a host of tropical fish in these protected waters.

Later, we continue our cruise north, enjoying a relaxed afternoon on board as we make our way toward Coral Bay.

DAY 7

Coral Bay

Coral Bay lives up to its name, offering a picture-perfect setting on the edge of the World Heritage-listed Ningaloo Reef. Here, just steps from the beach, you can slip into calm, turquoise waters and snorkel among thriving coral gardens.

Spend your day discovering the coastline, enjoying a peaceful walk along the sand, or joining a fishing trip from one of our tenders. The day ends with a golden sunset, a glass of champagne in hand, and a gourmet dinner shared with new friends.

DAY 8

Ningaloo Reef

Ningaloo Reef is one of the world's largest and most accessible fringing reefs. Stretching over 260 kilometres, it supports over 500 species of fish and countless marine creatures including turtles, rays, dugongs, and, in season, whale sharks.

Whether you prefer to snorkel, fish or simply admire the marine life from a tender or paddleboard, today offers a rich, immersive connection with nature at its best.

DAY 9-11

Montebello Islands

The Montebello Islands are one of Western Australia's best-kept secrets—a secluded archipelago of over 100 islands boasting calm lagoons, pristine reefs, and rich history.

Enjoy three days of beachcombing, snorkelling, fishing, and scenic tender cruises through mangrove creeks and coral channels. The waters here are teeming with life—from coral trout and emperor fish to dolphins and turtles—and the peaceful bays offer a true sense of escape.

Those with a passion for history can explore the site of the former atomic testing grounds at Chianti Bay, now reclaimed by nature. At sunset, unwind with canapés on a remote beach or toast the day from the deck as the sky turns to gold.

On your final morning, we arrive in Dampier Harbour for a farewell breakfast and highlight video from your journey. Say goodbye to the crew and fellow guests before your coach transfer to Karratha Airport or accommodation.
